DUE TO PROHIBITION.

Two of the most interesting and unusual comparisons and the London Daily Mail says that in the United States are being made of the workers' rights in their unions. That the movement was caused by prohibition is the belief of many. The London Daily Mail says that in the United States are being made of the workers' rights in their unions. The London Daily Mail says that in the United States are being made of the workers' rights in their unions.

PARALLEL IN LABOR CONTROL.

When it is seen apparent six months before that it was not an issue of wages but of power between the railway unions and the government, a shift was made for organizing a motor service that could be used if the train-stopped running. That organization began in May, by October it was fairly complete and when the strike was called the motor service started at once to operate.

The discrepancy between promise and performance is not only great, but so great as to be almost unthinkable. Four years later, in 1918, the democratic platform adopted at St. Louis asserted that profiteering had been broken up by legislation.

The democratic national platform adopted at Baltimore July 2, 1912, said the high cost of living was a serious problem in every American home.

Bryan, President Wilson, and other speakers maintained monopoly had been banned, justice done the consumers. President Wilson said, "We have barred monopoly."

Utterances of democratic platforms and party spokesmen on the high cost of living in 1912 and 1916 make strange reading these days when perused with the fact in mind that the cost of living is more altitudinous than ever.

DRY SALOONS REMODELED BY CHICAGO MAN

By Associated Press. CHICAGO, Nov. 8.—The problem of placing the hundreds of Chicago saloons on the "dry" basis is being solved in various and unique ways. The Rev. George Kilby, general manager of the Chicago Christian Industrial League, is trying one way by turning "saloonist" himself and operating as a soft drink saloon.

A hotel with 100 beds to be let at from 10 cents to 25 cents each a night is being operated in connection with the club in the basement. There are wash bowls and facilities for the patrons to do their own laundry work are installed.

Another former saloon has been converted into a club house for children. The children call it the "Red, White and Blue club" and at times more than 100 children are reading and playing where the former patrons of the saloon played cards and discussed their steins.

The "Red, White and Blues" were first organized as a part of the work of the women's committee, council of national defense, and since then the club has been financed through the efforts of several women who have given a series of charity entertainments for the benefit of the organization.

Some of the functions of the day centers are exercised by the club which keeps the children of employed mothers during the day. Others of the club members are others.

Desert Queen Lodge No. 22 will give a card party and dance Friday evening, November 14, 1919 at I. O. O. F. hall Refreshments. Admission 50 cents. MV-025-111

AMERICAN GRAVES WELL KEPT UP

Correspondence of Associated Press. LONDON, Oct. 11.—Graves of American soldiers and sailors in England are being cared for by the British government. Lawns about them are regularly mowed, flowers growing on them are tended and the white wooden crosses bearing each man's identity are kept in good condition.

Lieutenant-Colonel J. Peckie, adjutant in charge of the contingent in England which is clearing up details of the departure of the American soldiers from England has completed an inspection of 240 graves in England's cemeteries.

A great benefit many of the men who are buried in a grave would have many friends.
